

University of Naples Federico II
Department of Structures for Engineering and Architecture

DREAMERS

Project GA: 101034015

Design, REsearch, implementation And
Monitoring of Emerging technologies
for a new generation of Resilient
Steel buildings

26 February
2025

**Aula Magna
Gravina Palace**

Via Monteoliveto 3, Naples

Training School on

FREE from DAMage steel connections

9:00-9:30

Registration

9:30-9:45

Welcome remarks

Raffaele Landolfo

University of Naples Federico II

9:45-10:15

**From Vision to Reality: the
DREAMERS Project Story**

Vincenzo Piluso

University of Salerno

10:15-10:45

**Design of Sustainable Steel
Structures**

Marina D'Antimo

Arcelor Mittal

Coffee Break

11:00-11:45

**Design of Steel Structures
According to EC8: From the
Past to the Future**

Raffaele Landolfo

Mario D'Aniello

University of Naples Federico II

11:45-12:30

**FREEDAM Joints: Design and
Applications**

Massimo Latour

University of Salerno

Lunch Break

13:30-14:30

**Designing Steel Structures for
Robustness: General Concepts
and Case Study**

Golea Tudor

University of Liege

Coffee Break

14:45-15:45

**Designing Steel Structures for
Fire Safety: General Concepts
and Case Study**

Aldina Santiago

University of Coimbra

15:45-16:15

Round table and final
discussion
