

5th *fib* Italy YMG Symposium on Concrete and Concrete Structures

‘Smart concrete, climate future’

27th-28th May 2027, Università di Messina – Aula Magna Rettorato, Piazza Pugliatti 1, Messina (Italy)

Contributions from young engineers are welcome for the fifth edition of the *fib* Italy Young Members Group **Symposium on Concrete and Concrete structures**.

The Symposium is an opportunity to share your research and expertise in an open forum on recent advances and challenges in the field of concrete structures. The submissions will be reviewed by *fib* members and best papers will receive the **award**:
"fib Italy YMG Award for best advances in concrete and concrete structures"

Organizing Committee:

Marta Del Zoppo, Davide Messina, Diego Gino, Elena Miceli, Diego Talledo
Giuseppe Ferrara, Simone Labò, Simone Spagnuolo, Simona Bianchi, Jennifer D’Anna

Event webpage: www.cte-eventi.com/fibyoungsymposium/

Submission format: Scientific paper (6 - 8 pages) + oral presentation
Extended abstract (3 – 4 pages) + oral presentation

Proceedings: proceedings will be published and scientific papers will be indexed on Scopus

Important dates:

• 01 October 2026	Abstract submission
• 15 January 2027	Paper submission
